show me

Lyrics & music: Peter John Vettese/Dana Dawson

I sit and think of you
and all the things you do
and it's so easy to smile
my sorrow's through
my spirit fresh and new
so young and free like a child

you're my life
you're everything I need
your love is precious to me
and I believe
that time is on our side
and in your heart I'll survive

chorus:

hold me,
don't ever let go
and show me
a love that's tender and strong
move me,
go deeper into my soul
and heal me
with all the love I feel from you

faces come and go
sometimes I feel unknown
but that's when I think of you
I feel complete
'cause you have set me free
in oceans I've never known

I'm alright
there's nothing more (that) I need
I got what's precious to me
and I can see
the joy you've given me
you are the air that I breathe

(chorus)

I'm at peace

Lyrics & music: Arvid Nielsen

I spoke to you in words you did not understand
I held your heart close to my own with broken hands
and all the time that you were near I'm sorry now
that I was never here

under the velvet skies of strange and foreign lands
and in the scorching sun I waited for my chance
I followed each and every teardrop falling in
the burning sand

knowing where your tears would flow
would be where my love would go

chorus:

I'm at peace with the pain
now, at least it's got a name
and I never meant to hurt you
but I hurt you just the same
unlike everything they say
it gets harder every day
and I can't deny what's true
that I'm always missing you

in every corner of the world on any street
in every sound I hear our battered hearts would meet
but when you were there to touch however strong
my faith in us

I missed out on moment in time
when I could have made you mine

(chorus)

all the while I thought that I
could just unbreak your heart
oh, I was wrong - how I was wrong!
but now I know
that nothing I could do
could right the wrongs I've done to you

(chorus)

crazy love

Lyrics: Laurent Daniels

Music: Laurent Daniels & Stephan Runge

you do the tango at the supermarket
buy flowers for the clerk who throws you out
you celebrate a picnic in the subway
inviting anyone who is about

you write poetry about my toothbrush
and the way I sip my tea
you say you'll only marry, if I wear the bridal dress
and it don't make a difference to me

chorus:

'cause I'm addicted to your crazy love
I hunger for your crazy love
there's nothin' else I'm dreaming of
but to hear your crazy laughter once again
drown me with your crazy love
reinvent me with your crazy love
only you can tell the meaning of
this crazy world that's spinnin' all around

you make me sing and dance at the bus stop
and croon a love song at your door
your neighbour frowns and shouts out of her window
but then she smiles and asks for more

together we perform the happy ending
of "breakfast at Tiffany's"
and though it isn't raining and you don't have a cat
I love the way you make a fool of me

(chorus)

(repeat)

all said and done

Lyrics & music: Ranis/Sir Een

My baby, I can't rise again
I've reached the final page, reached the end
we're breaking, I should have known it all along
but all I did was to hit against the wall
it's all over, can't let you have me anymore

chorus:

I'm standing in lack of words to say
I guess it's all said and done
my courage won't last another day
I guess I'm all said and done

once you told me what friends are for
the giving and the taking
how come now that my heart is deadly aching
'cause somehow I never got the message in your speech
that the roads have spread apart, and to give was all upon me
I am leaving, to give some to me too

(chorus)

But I, I will make it through
and in the end, I will go on again
we'll learn how to live without the feelings that we once had

(chorus)

heaven in your hands

Lyrics & music: W. Merziger/A.Kammermeier

There are some things I'd like you to know
the cages we built left me so blue
in spite of being in vain I only want to explain
that any time you want me to...

chorus:

I lay the heaven in your hands
don't you understand the meaning
I lay the heaven in your hands
don't you understand the meaning
I lay the heaven in your

anything and anywhere
and anytime you want to
I give my love to gentle hands
see the light come (*will*) shine through
darkest clouds, the sky above will
break down and surrender
tell me what you do now
with the heaven in our hands

all the right words that came to my mind
slipped away quietly to blame me
it's embarrassing and almost discouraging
but I only want to make you see

(chorus)

you're bigger and whiter than snow
you're the perfect drug
I want to be with you
expecting the worst, I'm telling you now
I lay the heaven in your hands

(chorus)

cry on my shoulder

Lyrics & music: Priolo/Cantrell/Davis

how could he hurt you that way
how could he stand to see a frown on your face
how could he treat you so bad
how could he take for granted all that he had

I know it's hard to fight your way through tears
I know you question why throughout the years
but don't ever think that I won't be there...

chorus:

when you cry on my shoulder, I feel your pain
I'd give the world to see (*make*) you smile again,
and I'll always be there, I'll always be there, for you

how could he dare break your heart
how could he tear away all that you are
how could he cause you such pain
how could he ever think you'd find love again.

I know it seems a bit unfair to you
sometimes in love you win, sometimes you lose
but you call me and I'll always be there

(chorus)

I know it hurts when love is insincere
and when the road ahead don't seem so clear
but you call me and I'll always be there

(chorus)

careless love - leider nur als höchst inoffizielle Version nach Rainbows Gehörgang :-)

Lyrics & music: Andy Dopp/Alexander Seidl/Oliver Goedicke

Careless love
we're young and free
we reach out for the stars
it's only you and me
a careless love
Do you believe in love?

I still remember
late September night
the stars were in your eyes
they were shimmering so bright
just I don't know when I saw you right there
when I never thought that I would find a friend
let me run with you
just say, I do
tomorrow's not tonight

Chorus:

Careless love
we're young and free
we reach out for the stars
no matter what may come
careless love
it's only you and me
a careless love
Do you believe in love?

Out on the ocean
the waves in motion rise
touching you and me
and I feel like hypnotised
the music swinging
and I keep praying still
that you and me will never lose that thrill
let me run with you
just say, I do
tomorrow is not tonight

(chorus)

Careless love
we're young and free
we reach out for the stars
we're stronger than the storm
careless love
it's only you and me
a careless love
Do you believe in love?

(chorus)

breaking the spell

Lyrics: Laurent Daniels

Music: Laurent Daniels/Stephan Runge

You can tell by the look in my eyes
that I've been there, yes, I've been there
that I have nothing left to disguise
that I've been there, oh yes (*God knows*), I've been there
I've been where broken hearts go
where tears no longer have to hide
where your hopes are burning so low
feels like dying inside

chorus:

Baby can you break the spell
and work a miracle?
Baby can you break the spell
say, can you free my soul?
Maybe you could break the spell
but you've got to believe

Been through the circle of heartache and pain
over and over, over and over
listened to old foolish lies again
over and over, over and over
And now it's you here holding my hand
and suddenly I feel new (*it's so surprising and new*)
you say that you're the one to understand
the one who'll never leave (*make*) me blue

(chorus)

(Baby can you break the spell?
is your love that strong to break the walls of ice
around my heart?
Baby can you break the spell?
Can you make it rain
on this desert of mine?
Make me believe in myself again?)

Auf der CD lautet diese Strophe allerdings etwas anders *g*:

*Can you break the spell?
Can you break the walls of ice around my heart?
Can you break the spell
and make me believe... believe in myself again?*

(chorus)

far away

Lyrics & music: Sela/Alexander Seidl

So far away from home
on your own
what did you do to make it, baby

There was a time when we were young
when you and me were just like one
and everything we did was fun back home
and now I wonder where you've been
I've seen your face in a magazine
You must be right now on the scene you've grown

bridge:

If you could only see me now
I'm in the crowd
I'm watching you like every man
and tell me who'd believe me now
that you and I
were lovers in a different time

chorus:

So far away from home
on your own
what did you do to make it, baby
So far away from home
all alone
what did you do to make it, baby

If I could only hold you near
my loneliness would disappear
give me hope to fight the fear inside
When you said you'd make it there
we're in a different time and place
I know that we just can't erase our lives

(bridge)

(chorus)

(repeat chorus)

all around the world

Lyrics & music: Tom Gee/Joe Schulten/G. Ulbrich

All around the world let it come true
can't you see that I belong to you
all around the world that's what I do
try to find you...

I belong to you
all around the world

a cherry moon, a night of fun
I look into the rising sun
when I close my eyes all I see is you
clear as the skies purple and blue

chorus:

All around the world let it come true
can't you see that I belong to you
all around the world that's what I do
try to find you...

*(All around the world I follow you
can't you see that I belong to you
all around the world that's all I do
try to catch you...)*

around the world a place to live
a place to be for a love to give
when I close my eyes all I see is you
whenever I'm dreaming I dream about you

(chorus)

don't you worry mama - auch hierbei handelt es sich nicht um den offiziellen Text

Lyrics: Laurent Daniels

Music: Laurent Daniels/Marlon Franck

Everybody's going some place,
everybody has got a face to show,
but I'm still humblin' around
still ain't got nowhere to go.

Everybody's makin' money,
everybody has got a credit card,
but I'm still draggin' my feet,
haven't even come that far.

And no matter how I'm trying,
everybody's cuttin' down my pride,
but you'll see that I'm not lying,
soon I'll be walking on the sunny side.

chorus:

Don't you worry mama
'cause I am on my way,
may take a little longer,
but I'll be there some day.
Somethin' here inside me says: believe in who you are,
so don't you worry mama,
some day I'm gonna be a star.

Everybody's on vacation,
everybody has got a Mexico tan,
but I'm still pale as a rat,
eatin' dinner from a can.

Everybody's gettin' faxes,
everybody has got a mobile phone,
don't even have a color TV
in my humble cardboard home.

You keep saying I'm a failure
and I'm beggin' you to keep your faith in me.
I may look like I'm a loser,
but real soon the world will see

(chorus)

I'm gonna be a star
for all the kisses you never gave to me.
I'm gonna be a star
for all the heroes you never let me be.
I'm gonna be a star
for all the tears I had to hide inside.
Oh mama, I'll be your joy and pride.

(chorus)

I'll be in your dreams

Lyrics & music: Sela/Alexander Seidl

I can never live without you
miss you more each day
so I'm pretending you're right here with me
though I'm far away
I wish that I could see your smile
before I turn out the light

and I keep wishing...

I... I... I'll be in your dreams tonight
I... I... I'll be in your dreams tonight
'cause in my mind you're right here with me
your love keeps me alive
Oh, I, I, I'll be in your dreams
and you'll be in my dreams each night

I just can't stop thinking about you
and the things (*dreams*) that we share
if absence makes the heart grow fonder
how much more can I care?
My love can light the brightest star
that's shining up in the sky

I wish upon it...

(chorus)

Tonight I'll be there to wait for you
tonight I'll be there to say that I'll be true

(chorus)

you've got a friend

Lyrics & music: Carole King

When you're down and troubled
and you need some lovin' care
and nothing, nothing is going right
close your eyes and think of me
and soon I will be there
to brighten up
even your darkest night

you just call out my name
and you know wherever I am
I come running (yeah running)
to see you again
winter, spring, summer or fall
all you have to do is call
and I'll be there (yes I will)
you've got a friend

if the sky above you grows (*should be*) dark
and full of clouds
and that old north wind
begins (*should begin*) to blow
keep your head together
and call my name out loud
soon you'll hear me knocking
at your door

(chorus)

now ain't it good to know
that you've got a friend
when people can be so cold
they'll hurt you
and desert you
and take your soul if you let them
oh, but don't you let them

(chorus)

NYC serenade

Lyrics: Gayle Tufts

Music: Rainer Bielfeldt

Empire State Building lit up at sundown
Brooklyn Bridge spanning the Hudson and back
damn every picture with Manhattan skyline
I'm happy here but there's something I lack

I miss the New York Times
I miss the bagels
miss policemen all dressed up in blue
I miss my decaf fat-free moccachino
but most of all, most of all
I miss you

Times Square marquees with their lights flashing sideways
Yellow cabs racing down Fifth in the rain
Tears in my eyes all alone at the movies
I got a life here it's hard to explain

I miss 14th street at four in the morning
miss the Seaport, miss Central Park too
I'm missing Chelsea, Tribeca and Soho
but most of all, most of all
I miss you

I flew way over yonder
to find this life that I love
but absence makes the heart grow fonder
so I sit here dreaming of

skyscrapers, billionaires, maniacs, egg creams
Balducci's, Bloomingdale's, bag ladies too
Statue of Liberty, Robert de Niro
Stromboli Pizza on Fifth Avenue

I miss the drag-queens that lived on my doorstep
I miss blinis and blintzes for two
I miss the ferryboat to Staten Island
but most of all, most of all
I miss you

but most of all, most of all
I miss you
